The playground is located in Burns Park off of Funland Drive between Pavilion #10 and Funland.

Rarely are playgrounds designed for the children to play without considering a child or parent may have some impairments, and therefore is unable to play on a playground with their child. The playground should be usable by children with varying degrees of physical and sensory impairments and allow parents/ grandparents with physical impairments to be able to interact with them. Since no fully inclusive playgrounds are open to the general public in the North Little Rock area, Burns Park now has what you need. The selected site is in an area that is shaded with trees on a gentle slope, with lots to do.

where memorable moments happen
for children of all ages and abilities

AMS NEWSLETTER

June 2018

It is our mission to provide the highest quality of medical products and personal service to all customers!

We strive to help our customers live better! We take pride in working with our customers to meet their needs and in turn enhance their ability to live independently.

- Tobacco kills up to half of its users.
- Tobacco kills more than 7 million people each year. More than 6 million of those deaths are the result of direct tobacco use while around 890 000 are the result of non-smokers being exposed to second-hand smoke.
- Around 80% of the world's 1.1 billion smokers live in low- and middle-income countries.
- Tobacco is one of the biggest public health threats the world has ever faced.

Tobacco users need help to quit

Recent studies have shown that few Americans understand the direct health risks of using tobacco. “For example, 2009 survey in China revealed that only 38% of smokers knew that smoking causes coronary heart disease and only 27% knew that it causes stroke.”

Among smokers who are aware of the dangers of tobacco, most want to quit. Counselling and medication can more than double the chance that a smoker who tries to quit will succeed. These people also need friends to help them quit and point out specific health risks.

Smoking not only hurts your body but it hurts those around you. Smoking is also harmful to your pet! These health risks range from respiratory problems, allergies and even nasal and lung cancer in dogs and lymphoma in cats.

Celebrate our Fathers on June 17, 2018

MAKE YOUR DAD A VERY SPECIAL TIE!

What you'll need: String, Scissors, markers, paper, and a hole punch

Directions:

1. Cut out the shape of the tie
2. Design your tie with markers
3. Punch two holes in the top of the tie and tie the string so it can go around his neck
4. Wrap it up and give it to your dad on June 17th!
